

If you want to clean it... STEAM IT!

The Ultra 250E Electric Unit

Electric High-Pressure Steam Cleaners
Designed to Clean - Degrease - Sanitize - Disinfect and Kill Bacteria

The Therma-Kleen
ULTRA 250E
Electric Steam Cleaner

Therma-Kleen Electric Steam Cleaners are efficient, safe and easy to use. Simply connect a garden hose (warm water) to the inlet, connect the pressure hose and wand to the output, plug in the power and the unit is ready for use. As water goes through the unit, it's heated by electricity and pressurized. In two minutes you are ready to clean, degrease and sanitize by killing bacteria. Both Therma-Kleen models (Ultra 250e and Ultra 600e) combine low water flow with high temperature under pressure to allow efficient cleaning. The portability of Therma-Kleen Electric steam cleaners makes them ideal for indoor use. These units are specially designed for cleaning situations where other fuels are restricted. Therma-Kleen electric units accept hot water which is then heated electrically another 100-130°F to achieve steam temperature. USDA allowable.

The Therma-Kleen Ultra 250E is lightweight, compact and easy to use. The Ultra 250e is designed to clean specific areas such as equipment and small areas generally under 1000 Sq. Ft.. Therma-Kleen Electric Steam Cleaners are ideal in situations where typical heating fuels can not or should not be used.

Therma-Kleen Electric Steam Cleaners are also available in Stainless Steel bodies.

Add suffix "SS" to model numbers.

Specifications

Burner Output: 21kW/73,000 btu/hr.
Water Volume: .25-1.5 gpm*
Max. Input Temp: 140°F/60°C
Max. Output Temp: 255-275°F/120-140°C
Output Pressure: 250 psi/17 bar
Electrical: 52/28 Amps 208/220/480 VAC, 3 Phase, 50/60 Hz
Weight: 145 lbs.
Dimensions: 10"W x 35 "L x 22"H 38" Handle Height
Wheels: 2 Front Casters, 2 Back, rigid
 *Water Volume Pumps are also available in 0.5 gpm and 1.0 gpm

Safety Features

Hi-Temperature Limit Switch
 Pressure Relief Valve
 Flow Switch

Included Accessories

Unit Includes:
 25' High Pressure Steam Hose
 4' Wand with On/Off Trigger Gun
 Fan Nozzle
 25' Power Cord
 Temperature Gauge
 Inlet Filter
 Owners Manual
